The majority of the time, architects work in an office. There, they meet with clients, draft plans, work on cost estimates, file permit applications with municipal building departments, and help clients set up agreements with contractors. Architects also visit construction sites to check the progress of projects and make sure contractors are building them according to their plans.

Wuyuan County in China's southeastern Jiangxi Province is known for being the home of some of the country's best-preserved ancient architecture. Most of the county is rural and dotted with quaint villages. One such village is Likeng. Built in the year 1010, the village preserves the region's unique Hui architecture, which is typified by whitewashed walls and cyan blue rooftops.
