Teaching Tolerance provides free resources to educators—teachers, administrators, counselors and other practitioners—who work with children from kindergarten through high school. Educators use our materials to supplement the curriculum, to inform their practices, and to create civil and inclusive school communities where children are respected, valued and welcome participants.

American Imperialism in Latin America & the Caribbean

Compute the distance of the epicenter from each of the stations using this formula:
 $d = Td \times 100 \text{ km}$
8 seconds
Where: d = distance (km) Td = time difference in the arrival time of P-wave and S-wave (seconds)
This formula is suited because 8 seconds is the interval between the times of arrival of the P-wave and S-wave at a distance of 100 km.

challenging the brain to think bigger and faster can be undergone by some ways. Experiencing, listening to the other experience, adventuring, studying, training, and more practical actions may help you to improve.
